

Mount Morris / Leicester

Route 36 Corridor Study

MOUNT MORRIS + LEICESTER

The Mt Morris-Leicester Route 36 Corridor Study will produce a strategy for making transportation related safety and access improvements along the Route 36 Corridor from Mt. Morris to Leicester. The project began in late winter 2020 and the planning process so far has taken us through some key data and initial analysis.

For years we have talked about the many issues we all have with NY Route 36 in our communities. Now is the time to express your concerns and share your opinions!

The Study also includes the section of the Greenway State Park that runs through the communities, and sections of Route 408 & 20A.

The Villages and Towns of Mount Morris and Leicester with funding from the Genesee Transportation Council are looking for your input.
