

MISSION:

Southern Tier AIR is a community of sober individuals dedicated to providing connection, peer support, and healthy fun outlets for those in recovery, their family members, and those in the community that choose to live sober. We seek to empower those in recovery to build their community, discover their inner strength, and find their recovery path.

VISION:

To provide a safe, fun, and welcoming space for individuals in recovery to connect with peer supports through adventure, wellness and exciting sober events. A community built by peers for peers, their families, and those within the community that choose to live healthy sober lives. Camaraderie built through shared lived experience, positive connections, and fun sober events.

REQUIREMENTS:

The only requirement to attend any AIR event is 48 hours of continuous sobriety. Friends, family members, and those within the community are welcome to attend.

EVENTS:

You can find all of our upcoming events on the @AIRsoutherntier Facebook page. Simply click on the events tab and choose the event you wish to attend and select going or interested. We hope to see you out there!
